

## A review: My cousin Charles

My favourite character was Charles because he was funny and is a very good actor.

I would watch the play again because I didn't have school lessons.

I liked the play because it is very funny and I think it is good for kids + families.

I think the play was really interesting because the actors were really funny and the story is fantastic.

I can recommend the play to people who like funny stories.

Jottie's mum was my favourite character because she was very crazy.

It was funny that Charles couldn't play football so well.

It was really nice that we could ask questions in the end.

The play was very entertaining!
